

varsha as director of finance>>>

About Me!

Hi, I'm Varsha, I'm currently a first-year rep for IUGA as well as a committee member on WINFO. In addition to my informatics degree, I'm also a business minor (which is quite relevant as your future director of finance...)

I decided to run for Director of Finance because I want to see our info cohort receive the funding and effort I know we deserve. My goal is to leave a lasting impact on the info community, inspiring others to use info skills in whatever interests one could possibly have.

IUGA when you vote me for director of finance:
